OUR MISSION

The uninsured status in Athens-Clarke County has **increased by 69%** since 2016.

This significantly impacts access to care and health outcomes.

More than ever, the AWC's mission to bridge healthcare gaps is vital for our community.

ABOUT ATHENS WELLNESS CLINIC

In the heart of Athens-Clarke County, the Athens Wellness Clinic (AWC) stands as a beacon of hope for those marginalized in healthcare access. Our mission transcends providing free medical care; we aim to foster a healthier community by bridging healthcare gaps for the working poor, homeless, and uninsured individuals.

AWC is a non-profit 501(c)(3) healthcare clinic providing free evaluation, treatment, and education for acute and chronic medical and dental conditions to uninsured low-and-no income residents of Athens-Clarke County and the surrounding communities.

ANGELA'S STORY

In 2015, Angela sought help at Athens Wellness Clinic for high blood pressure. In 2022, she faced a new challenge with a type 2 diabetes diagnosis and an alarming HgA1c level of 11%. Through collaborative efforts, the clinic provided lifestyle coaching, free metformin via our mail-order pharmacy partner, and insulin at no cost through our patient assistance program. Angela's commitment, coupled with the clinic's support, stabilized her A1c at 6% for over a year.

"I'm doing great, and the clinic has all to do with it." - Angela S.
